
According to the type of activities to be performed in the administrative sections of the Burgas District Administration, they are separated as follows: General administration and Specialized administration.

The General Administration is set up in a Directorate "Administrative-legal services, Finances & Property management". It provides technically the Governor's activity, the Specialized Administration and the administrative-legal attendance of citizens and legal entities.

The Specialized Administration is set up in a Directorate "Administrative control, Regional development & Public property". It renders assistance to the Governor and provides the fulfillment of his powers.
