
Dear Friends,

Welcome to the website of Burgas Regional Administration!

You will find here information about the 13 municipalities in the region as well as recent news about the activity of the administration and the services we provide. I hope it would be useful for you and we achieved our goal for our work to be transparent and accessible to you.

They say that Burgas region is “a crossroad of most ancient civilisations”, but it is unique besides with its invaluable archeological finds and rich cultural – historical past with its tourist future too. Burgas region is known for different forms of tourism – sea and balneological tourism, rural tourism, ecological and hunting tourism, cultural and religious tourism. Mountain and sea combine here, here is the center of balneology in Bulgaria, here are the relics of St. John Precursor.

I believe that you will be fascinated by the charm and magic of our region after having visited it.
