

---

The situation in Burgas region is gradually getting normal. No people in distress and no victims are reported. Today's heavy rainfalls caused property damages. The roads Burgas – Varna, Burgas – Yambol and Shumen – Karnobat are open for traffic. In direction Varna – Burgas a restriction has been initiated only between Aheloy and Pomorie – alternate route is through Kableschkovo; in the opposite direction from Burgas to Varna the road is open without restrictions. Closed stays Aytos – Provadiya. In all municipalities draining works on the overflowed sections have been undertaken. Teams of EVN work on failures elimination in Velika, Tsarevo municipality and Evrinozovo, Mladejko, Malko Tarnovo municipality and partially in Malko Tarnovo. There are problems related to the electricity supply also in Kameno municipality and Yasna Polyana and Novo Panicharevo, Primorsko municipality as well. Teams work on site. There are still difficulties for the traffic on the road Zidarovo – Dimchevo (alternate route is through Izvor) and for the traffic in the area of Priseltsi, Nesebar municipality.
