

---

Governor Valcho Cholakov, Mayor Vasil Edrev of Aytos municipality and Radoslav Bakardjiev from the Bulgarian Development Bank signed a tripartite contract for purposive financing of the National energy effectiveness programme. A few days after signing the first contracts for remediation of blocks of flats 32 and 57 in residential district Izgrev and 101 and 146 in Meden Rudnik - Burgas by the Governor the next municipality in the region has joined in the programme. The signing of the tripartite contract makes a start with the real remedial actions which will pass in two stages. First one is an power and technicalities investigation and second is engineering, projecting and construction/assembly works. These operations will be assigned to companies after procurement procedures undertaken by the municipalities under control of Burgas Regional Administration
