

---

An "Open day" in the Burgas Regional Administration in order to get acquainted with the institution and the functioning of the various departments and servants required the pupils of the Secondary-School "Hristo Botev" in Uarnobat from the Deputy Governor Vladimir Krumov. The graduates of one of the largest Karnobat schools which are going to have an entrance examination for higher education, wished to see from a short distance the work of the Governor, his Deputies as well as the administration in charge of the implementation of the national policy on regional level. The pupils directed their request to Krumov on the "Open day" organized in the school on the occasion of the Earth Day and within the framework of the project "Improvement of education quality in secondary-schools through introduction of all day organization of the educative process".

The young people performed an interesting special programme and the Deputy Governor surprised them with young trees which they planted together in the school yard.
