

---

Governor Valcho Cholakov and the Rector of BFU Prof. Sc.D. Galya Hristozova signed a memorandum of cooperation.

The state and the educational institutions will work for improving the students' practical training and implementing the obligatory students' practices in subjects "Law" and "Public administration". Further two aspects of the mutual activity are holding of scientific-practical conferences, symposia, exhibitions as well as projects' implementation of Operational programmes.

During the meeting the Governor mentioned that a big part of the personnel in the administration were graduates from BFU and that they manage their work to perfection.

"We will give the students an opportunity to get trained in a real working environment, to gain experience in order to come up to the expectations of the labour market", the Governor said.

The Regional Administration has concluded also with other educational institutions agreements of this type.
