

---

There are no roads of the republican road network closed. Restrictions have been set at Rishki Pass for trucks. The traffic of trucks above 12 t is prohibited and those from 3 to 12 t must use chains. Narrow sections are on the road Aheloy – Pomorie and on the road to Varna near Kosharitsa village, only one part of the road is open and the due signs and marks have been placed.

River levels in the region are higher. Water floods are observed in the Fakiyska river area which led to blockage of the municipal road Zidarovo – Izvor. Blocked is also the municipal road Dimchevo – Prasad. Teams of the responsible institutions work on draining of the road beds. Tatarski Dol river in Livada village, Kameno municipality has overflowed and some houses are under water. Selska river in Sredets municipality overflowed the roads between the villages Kirovo and Granichar. The level of Sredetska river has raised but no roads are overflowed.

The electricity company reported a normal situation in Burgas, there are warnings about power failure in some villages of Ruen municipality but they are not important and measures for their removal have been undertaken. No warnings have been given about victims of distress.
