
In the same week when Deputy Governor Sevdalina Turmanova became a professor by competition at Prof. Dr Asen Zlatarov University in Burgas, General Secretary Valentin Lyutskanov ranked 25th in the World *Underwater* Spearfishing Championship. Mrs Turmanova has a 20-years practice teaching in the higher education system. She made her first steps as a regular student at the same university where she will be appointed a professor years later. Going successfully throughout the hierarchy she worked as an assistant professor, took a doctor's degree, became an associate professor after a couple of years and a few days ago – already a professor. Her professorship is in the scientific subject “High-molecular compounds' chemistry”. The jury members gave a high evaluation of the scientific works and approved the professorship of Sevdalina Turmanova with one consent.

General Secretary Valentin Lyutskanov presented Burgas region with dignity during the World *Underwater* Spearfishing Championship held in the Syros Island, Greece. Lyutskanov ranked 25th among 75 contestants. The Bulgarian National team includes besides him Plamen Arabadjiev, Anton Arabadjiev, Martin Baramov.
