

---

It's St. Ignatius Day. What will be the whole year depends on who will be entering the house first. Healthy, peaceful, filled with goodness and hope will be the New year 2017 in Burgas Regional Administration because of the little carol-singers from the kindergartens "Rakovina" and "Radost" in Burgas, who first walked the doorstep of the institution and there are no better ambassadors of goodness than little children. Burgas Regional Administration resounded with their songs, verses and foretellings of health and prosperity and Governor Valcho Cholakov presented the kids with Christmas delicacies.

Meanwhile Deputy Governor Vladimir Krumov visited nursery group "Mecho Puh" in the kindergarten "Valshebstvo" in Karnobat. The children welcomed their guest with songs, dances and Christmas verses and he gave them joy with presents.
