On 16.06.2017, the first meeting between the project teams from the Regional Administration of Bourgas and the Regional Administration of Enez was held in the building of the Regional Administration of Bourgas. The event is part of the project "Measures for Conservation and Conservation of the Natural Wealth of Bourgas and Enez (MoreCare), CB005.12.1.115. The meeting discussed the progress of the project in Bourgas and Enez, the work on the tender procedures, the schedule of activities and the monitoring meeting held in Bourgas on 09.06.2017. The forecast date for the start of the investment measures in Bourgas is September 2017. The project is implemented within the INTERREG IAP CBC Bulgaria-Turkey Program 2014-2020, Priority Axis 1 "Environment", Specific Objective 1.2. "Improving nature conservation capacity, sustainable use and management of common natural resources through joint initiatives in the cross-border area".

The project envisages the exchange of experience between the partners in the monitoring and management of the protected areas, the parallel monitoring of the quality and purity of the lake waters on the territory of Bulgaria and Turkey as well as the implementation of small scale investment measures to improve the status of the protected areas - Will carry out cleaning of the canal that connects Lake Vaya with the Black Sea and strengthen the canal banks and area development, on its part Regional Administration Ene H will purchase mobile laboratory equipment for monitoring and management of water quality in Lake Gala.
